

MODERN CURTAIN **BUSINESS PROFILE**

Design your idea as you need

OUR COMPANY

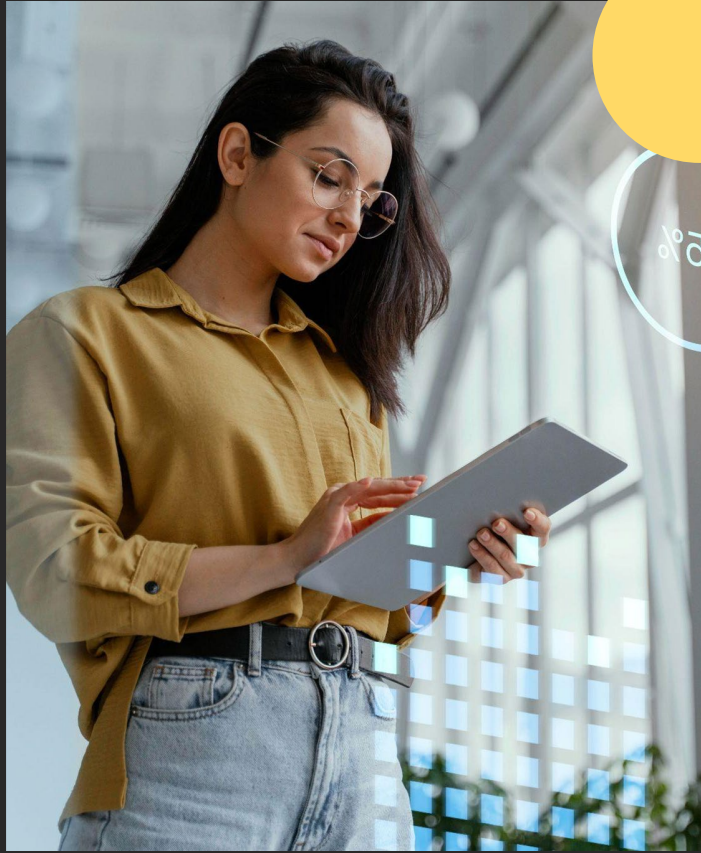

When you hear our name for the first time, it comes to your mind that we are a company that sells only curtains, but in fact, the Modern Curtain Company offers more than 250 different products. The experience of the work team of the Modern Curtain for more than 15 years gathered to serve the elite of customers and help them design and implement their ideas.

OUR

MISSION

Modern Curtain is the first and pioneer in providing the latest products and accessories to the local market. It is also characterized by the availability of multiple materials to suit all requirements and needs.

OUR VISION

Modern Curtain Company is represented in providing the finest raw materials in our offered products, which aspire to the satisfaction of our customers, and we are constantly working on developing the products we offer with our partners and engineers to raise the level of quality in the various products offered.
